

EXCEPTIONAL CARE. WITHOUT EXCEPTION.

Boston University School of Medicine

Faculty Position Pediatric Infectious Diseases
Boston University School of Medicine and
Boston Medical Center

Full time faculty position available at the level of Assistant or Associate Professor in the Section of Pediatric Infectious Diseases in the Department of Pediatrics at the Boston University School of Medicine and Boston Medical Center. Applicants should have an MD, or MD/PhD, training in pediatric infectious diseases, and exceptional potential for a career in academic medicine. Candidates are expected to have strong clinical skills and either (a) establish an independent, extramurally funded research program or (b) lead clinical trials and clinical research programs and participate in infection prevention and antimicrobial stewardship activities. Review of applications will begin immediately and will continue until the position is filled.

Submit CV to:

Elizabeth Barnett, MD
Section Chief, Pediatric Infectious Diseases
Department of Pediatrics
Boston Medical Center
670 Albany Street, Room 625
Boston, MA 02118
Email: Pedi.ID@bmc.org

We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, protected veteran status, or any other characteristic protected by the law.

The Department of Pediatrics believes that the cultural and social diversity of our faculty, staff, and students is vitally important to the distinction and excellence of our clinical, research and academic programs.
