

Assistant, Associate or Full Professor (HS Clin, Clin X, Adjunct, In-Residence) Pediatric Infectious Diseases

University of California San Diego

The University of California, San Diego (UCSD), The Department of Pediatrics (<https://medschool.ucsd.edu/som/pediatrics>) is committed to academic excellence and diversity within the faculty, staff, and student body and are seeking an academic clinician or a physician scientist to join the Division of Infectious Diseases and the Infectious Diseases subspecialty service at Rady Children's Hospital - San Diego.

The Division of Infectious Diseases participates in clinical care, teaching, clinical and basic research as well as hospital epidemiology and infection control at Rady Children's Hospital-San Diego. The 505-bed non-profit pediatric-care teaching facility serves as a major regional tertiary care hospital for children and adolescents. It is the largest children's hospital on the west coast (based on admissions) and serves a diverse population of one million children for their medical and surgical care. The Division has excelled in every aspect of its clinical and academic missions and fosters an environment of equity and inclusion. Its reputation is demonstrated by the leadership roles of its divisional members nationally and internationally, and the success of the fellows graduating from the program. (<https://medschool.ucsd.edu/som/pediatrics/Divisions/infectious-diseases>).

Candidates must have an MD, MD/PhD or equivalent and must be board certified or board eligible by the American Board of Pediatrics in the subspecialty of Pediatric Infectious diseases. Candidates must have or be eligible for a California medical license or equivalent certification/permit as determined by the Medical Board of California. Physician scientist candidates must have postdoctoral research experience and a track record of research grants and publications.

Candidates with experience in inpatient and outpatient infectious disease clinical care, including the care of Kawasaki disease patients are preferred. Candidates who have completed a three-year fellowship in infectious Pediatric Infectious Diseases are preferred. Candidates with research programs in microbial pathogens, host immune response, inflammation, or Kawasaki Disease research are preferred.

The appropriate series and appointment at the Assistant, Associate or Full Professor level will be based on the candidate's qualifications and experience.

A link to full descriptions of each series is provided for your review:
