

The Division of Pediatric Infectious Diseases at the University of Utah is recruiting for an Academic Pediatric Infectious Diseases Physician to expand our clinical and academic workforce. This is an outstanding opportunity to join a vibrant and collegial academic institution. Responsibilities will include clinical consultation on the inpatient service, tele-ID service and in the Infectious Diseases Clinic, as well as developing an independent research career. Clinical activities will be carried out at Primary Children's Hospital, a 290-bed children's hospital ranked among US News & World Report's Best Hospitals and in the University of Utah and Intermountain Health Care Systems. In addition to clinical service, there is an expectation for academic work, including investigation, education, administration/service, as well as advocacy.

As of July 2020, the Division will include 9 full-time faculty members on the main campus and one at an affiliated hospital; the Division has an active fellowship program. We are currently developing a tele-ID consult and stewardship program to service the neonatal and pediatric beds in the healthcare system that are not at the children's hospital. Research in the Division currently focuses on infectious disease epidemiology including respiratory and gastrointestinal diseases, antimicrobial stewardship, health services research and value-based care, bacterial genomics, the development and impact of diagnostic tests including metagenomics and deep sequencing, and improving the care of children with cancer and transplants. We have many active collaborations with outstanding researchers at the University Hospital, Intermountain Medical Center, the Salt Lake City VA Medical Center, and the Centers for Disease Control and Prevention.

Qualified candidates must be Board Qualified/Board Certified in Pediatrics and in Pediatric Infectious Diseases or Infectious Diseases, and must have demonstrated research skills and experience. The selected candidate will receive a faculty appointment in the Department of Pediatrics on the Clinical or Tenure track depending on interest and funding at the academic level commensurate with experience and qualifications.

The University offers a competitive salary and an unmatched benefits program, including non-contributory retirement contributions of 20.2% of annual salary that vest immediately. The Department offers an education loan repayment program, in addition to a faculty development and mentoring program designed to help faculty succeed in translational or basic research.

Salt Lake City offers an incredible quality of life with a growing economy, rich cultural scene with ballet, theatre, symphony, opera and museums, outstanding restaurants, and a moderate cost of living. The city is a ski destination and a gateway to the state's renowned landscapes. In addition to its 14 ski resorts, Utah boasts five national parks (with five more within a day's drive), a variety of golf courses allowing for year-round play, hundreds of miles of hiking and biking trails, and numerous other outdoor activities.

To apply:

Interested individuals can apply at <http://utah.peopleadmin.com/postings/103599>. Cover letter and curriculum vitae are required. For additional information about the position, please contact: Andrew T. Pavia, M.D., Division Chief, at This email address is being protected from spambots.

The University of Utah Health (U of U Health) is a patient focused center distinguished by collaboration, excellence, leadership, and respect. The U of U Health values candidates who are committed to fostering and furthering the culture of compassion, collaboration, innovation, accountability, diversity,

integrity, quality, and trust that is integral to our mission.

The University of Utah is an Affirmative Action/Equal Opportunity employer and does not discriminate based upon race, national origin, color, religion, sex, age, sexual orientation, gender identity/expression, status as a person with a disability, genetic information, or Protected Veteran status. Individuals from historically underrepresented groups, such as minorities, women, qualified persons with disabilities and protected veterans are encouraged to apply. Veterans' preference is extended to qualified applicants, upon request and consistent with University policy and Utah state law. Upon request, reasonable accommodations in the application process will be provided to individuals with disabilities. To inquire about the University's nondiscrimination or affirmative action policies or to request disability accommodation, please contact: Director, Office of Equal Opportunity and Affirmative Action, 201 S. Presidents Circle, Rm 135, (801) 581-8365.
