

The Department of Pediatrics, Medical College of Georgia at Augusta University in Augusta, Georgia is actively seeking a board certified/board eligible Pediatric Infectious Disease physician.

The position will provide clinical care for the pediatric patient population, to include satellite locations and telemedicine, in both outpatient and inpatient clinical settings. Clinical care would include but is not limited to the diagnosis and treatment of a wide range of disorders, consultations, acute care, ordering and interpreting lab results, developing treatment plans, and patient/family education. The position will maintain and ensure that relevant patient records are properly updated, and share week day, weekend and holiday emergent/after-hours call coverage.

Comprehensive services are provided in the 154 bed Children's Hospital of Georgia. We have a comprehensive group of pediatric medical and surgical subspecialists serving children and families from across Georgia and we are a key sub specialty referral center for the southeast. The Children's Hospital of Georgia is part of the Augusta University Health System which includes a 478-bed medical center, a Medical Office Building with more than 80 outpatient practice sites in one convenient setting, and a Critical Care Center housing a 13-county regional trauma center.

Successful candidates will have a proven history of excellent clinical skills, involvement with clinical research, and strong desire to be involved with resident teaching. Additionally, candidates should have an MD/DO degree and be board certified/eligible in Pediatric Infectious Disease. Educational responsibilities include, but are not limited to, providing mentorship, clinical supervision and consultation to residents/medical students/staff at AU and develop a more in-depth educational experience for trainees in pediatric infectious disease; providing training to residents/medical students/staff at AU/AUMC in pediatric infectious disease through didactics.

Competitive salary along with a full and comprehensive benefits package is available. Academic rank and salary will be commensurate with qualifications and experience. For more information visit:
