

Company: Children's Hospital & Medical Center
Job Title: Pediatric Infectious Disease Physician

Children's Hospital & Medical Center, with the University of Nebraska Medical Center, is currently recruiting a Pediatric Infectious Disease physician (M.D., M.D./Ph.D. or equivalent) at the Assistant/Associate Professor rank. Our Pediatric Infectious diseases division has 2 clinical services: General Pediatric ID and Immunocompromised/Transplant ID. We are currently recruiting for the General Pediatric ID service. The successful candidate will share in the clinical and research responsibilities of the division and will be expected to develop scholarship in their individual area of interest. The faculty member will also participate in student, resident, and fellow education. Specific skills and interest in EMR optimization and development of telehealth capabilities are desirable.

The Division of Pediatric Infectious Diseases at UNMC includes 10 faculty, an active Pediatric ID fellowship and clinical and research support staff. This is a unique opportunity with potential to advance a strong clinical and academic career in Pediatric Infectious Disease. The successful candidate will hold a faculty appointment at the University of Nebraska Medical Center commensurate with rank and experience. Candidates will be expected to be Board-eligible or Board-certified in Pediatrics and in Pediatric Infectious Diseases and eligible for licensure in the state of Nebraska.

The department of pediatrics at UNMC is committed to fostering a diverse and inclusive environment and encourages applications from all candidates who will contribute to the diversity and excellence at both Children's Hospital and UNMC. <https://www.unmc.edu/pediatrics/residency/Inclusion-Care.html>

Children's Hospital & Medical Center is the only full-service, pediatric health care center in Nebraska, providing expertise in more than 50 pediatric specialty services to children across a five-state region and beyond. Children's is home to Nebraska's only Level IV regional NICU and the state's only Level II Pediatric Trauma Center. A regional heart center, it also offers expertise in pediatric heart transplantation. Children's is focused on extraordinary clinical care, education, basic science and translational research and advocacy and is embarking on transformational programmatic and physical growth. Opening in 2021, the new Hubbard Center for Children will be home to an additional 100 patient beds, an expanded NICU, a dedicated Cardiac Care Unit, a new Cancer & Blood Disorders Unit, expanded surgical space, an expanded Radiology and Emergency Department and more. The Child Health Research Institute was established in 2017 and aims to assist investigators with start-up funding and infrastructure for clinical, basic science or translational research. Children's is recognized as a 2019-20 Best Children's Hospital by U.S. News & World Report in five pediatric specialties: Cardiology and Heart Surgery, Pulmonology, Gastroenterology & GI Surgery, Orthopedics and Diabetes & Endocrine Disorders.

With a population of more than 925,000, Omaha offers all the amenities of a big city with the warmth of the Midwest. The area is rich in arts and cultural activities and is home to a world-class zoo that appeals to children and adults alike.
