

Company: Pediatric Specialists of Virginia

Job Title: Pediatric Infectious Diseases Physician

Brief description of the position: Job Overview Pediatric Specialists of Virginia (PSV) is in search of one full-time Pediatric Infectious Diseases Physician to join our Pediatric Infectious Disease Group.

Company Overview:

Pediatric Specialists of Virginia is a partnership between Inova Children's Hospital and Children's National Hospital. Dedicated exclusively to caring for children, our partnership ensures families in the region have access to the nation's most highly regarded doctors and experts devoted to pediatric care.

The practice offers clinical expertise in a wide range of simple, complex, and rare conditions complemented by family centered care that recognizes the needs of the entire family. Our services cover every stage of care – evaluation, assessment, procedures, and follow-up appointments. The PSV team includes pediatric specialists in: Gastroenterology, Genetics, Hematology/Oncology, Nephrology, Neurology, Neurosurgery, Orthopaedics & Sports Medicine, Physical Medicine and Rehab, Pediatric Gynecology, Psychology and Psychiatry, Endocrinology, Rheumatology, Infectious Disease, Ophthalmology, Otolaryngology, Urology, Plastics and Reconstructive Surgery, and Nutritional Services.

PSV Pediatric Infectious Disease Physicians practice at Inova Children's Hospital in Falls Church, Virginia and in our Northern Virginia offices. Inova Children's Hospital is an award-winning 226-bed, full-service children's hospital. Inova Children's Hospital includes a 108 bed level 4 neonatal ICU, PICU, active pediatric cardiac surgery program, renal transplant program and serves at the tertiary care center for pediatric patients in Northern Virginia. Inova Children's Hospital is conveniently located within fifteen miles of downtown Washington, DC.

To apply, please visit our career site at <https://pm.healthcaresource.com/CS/psvcare/#/job/640> and send electronically: CV, contact information, and letters from a minimum of 3 references.

Sincerely,

Rebecca Levorson, MD
