

**Pediatric Infectious Disease Physician  
Oak Lawn, IL**

Advocate Children's Hospital/Medical Group seeks Full Time **BE/BC Pediatric Infectious Disease Physician** at the Oak Lawn Campus of Advocate Children's Hospital.

Our ideal candidate has strong ties to the region and will provide both inpatient and outpatient Pediatric Infectious Disease coverage at Advocate Children's Hospital. Candidates must have strong clinical skills and demonstrated teaching abilities in Pediatric Infectious Disease in addition to excellent interpersonal skills. The candidates will be expected to participate in clinical care, teaching of medical students and residents. Clinical activities of the division, both in-patient and out-patient, are conducted primarily at Advocate Children's Hospital in Oak Lawn, IL.

Our hospital is a level I trauma center and has a 61 bed NICU, 24 bed PICU, 16 bed surgical heart unit, and busy ER with more than 78,000 visits per year. The Department of Pediatrics at Christ Medical Center participates in teaching more than 150 medical students and 100 residents (pediatric and other specialties) each year. As part of Advocate Aurora Health, Advocate Children's Hospital is the largest network provider of Pediatric services in Illinois. We serve as a leader in comprehensive, dedicated care for our young patients and are ranked in U.S. News & World Report among the nation's Best Children's Hospitals in the areas of cardiology and cardiovascular surgery.
