Baystate Children's Hospital is the leading provider of general and specialty pediatric services in western Massachusetts, providing advanced medical care to babies, children, and adolescents in an environment that focuses exclusively on the needs of children and families. The 107-bed facility provides complete critical care programs, including the region's only PICU and NICU (Level III), as well as pediatric inpatient services, child life specialists, a designated emergency room just for kids, and outpatient specialty services. Additionally, Baystate Children's Specialty Center houses 15 pediatric specialty services under one roof, with focus on care coordination, comfort and convenience for children and families. At Baystate Health, we offer a diverse culture that provides outstanding opportunities for physicians to advance their career.

The Pioneer Valley is a thriving area located in western Massachusetts and provides extensive access to urban, suburban and rural amenities. Anchored by the city of Springfield, our region boasts a myriad of opportunities for recreation, music, education and art enthusiasts. When you live and work in the Pioneer Valley, you will enjoy picturesque four-season living, excellent schools and year-round social and cultural events. In fact, Massachusetts was once again ranked #1 in Education nationally by U.S. News and World Report.
