

FULL-TIME FACULTY POSITION

Pediatric Infectious Disease

ALBANY, NEW YORK

Applications are invited for a full-time faculty position to join us in the Division of Pediatric Infectious Disease at the Bernard & Millie Duker Children's Hospital at Albany Medical Center. Qualified candidates must have completed an approved Pediatric Infectious Disease fellowship program and be board eligible or board certified. Candidates will be qualify for faculty appointment at a level commensurate with their prior experience.

Our division has an integral leadership role in antibiotic stewardship program for the Children's Hospital. There is a full time and a half time pharmD to coordinate the program with physician input; the right candidate could assume the leadership of this program. The new faculty member would share in inpatient consultation and outpatient ID and HIV/ PrEP services. The HIV program is fully funded by the NYSDOH and contains a Specialized Care Center for the HIV care of Adolescents and Young Adults. Resident and medical student education and mentoring of learners for clinical research projects are key components of the teaching faculty responsibilities. Opportunity for research in the clinical sciences or basic sciences is encouraged but not required.

Albany Medical Center Hospital is a large academic Medical Center in Albany, New York, the state capital. It is a Level I Trauma Center and the regional hub for all adult and pediatric specialties. The Bernard and Millie Duker Children's Hospital, which houses a 60 bed NICU, 19 bed PICU, and a new pediatric emergency department that opened in 2018, is the site of inpatient care rendered by the division. Albany Medical College is a private medical school, and a nondiscriminatory AA/EOE institution (minorities and women are encouraged to apply). The successful candidate will enjoy many opportunities for teaching house staff and medical students and will be eligible for a faculty appointment in Albany Medical College, rank will be dependent on qualifications and experience.

Interested candidates should submit a letter of interest and curriculum vitae to:

Debra Tristram, M.D.

Chief, Division of Infectious Disease
22 New Scotland Avenue, MC-88
Albany, New York, 12208
Email: tristrd@amc.edu
or

Valerie D'Aloia

Physician Recruiter
Email: daloia@amc.edu

Albany Medical College is a private institution and a non-discriminatory AA/EOE (minorities and women are encouraged to apply).

Located at the heart of New York's Capital Region, Albany is a culturally and environmentally diverse area that is home to nearly 1,000,000 residents. The 3 cities of the capital region—Albany, Schenectady, and Troy, and their suburbs offer a range of affordable, safe, and comfortable neighborhoods with quality schools and active community groups. Albany, the capital New York State, is home for the state University in Albany, the School of Public Health, Albany College of Pharmacy, Albany Law School, and multiple private colleges, and offers a wide variety of culturally events. It is within easy driving distance to New York City, Boston, and Montréal, as well as the Adirondack Mountains, Lake Placid, Saratoga, and Lake George. It is a wonderful place to raise the family and enjoy activities related to all four seasons.
