

Company: Indiana University School of Medicine, Ryan White Center for Pediatric Infectious Diseases and Global Health

Salary range: Competitive salary based on experience and credentials

Job Title: Assistant/Associate Professor of Clinical Pediatrics

Brief description of the position: The Ryan White Center for Pediatric Infectious Diseases & Global Health at Indiana University School of Medicine and Riley Hospital for Children, in Indianapolis, Indiana, is seeking Assistant/Associate Professor faculty candidates. The position is on the clinician-educator track and will provide a highly competitive salary.

Successful candidates will have protected time for academic (education & research) activities and will have access to state of the art equipment and facilities. Remaining effort will be dedicated to clinical service within Riley Hospital for Children.

The successful candidate(s) will possess an MD degree, academic credentials appropriate for an Assistant/Associate level appointment, and eligibility for license in Indiana if applicable. It is preferred that candidates have clinical and research interests in infectious disease, immunocompromised patient populations, and/or global child health research and commitment to improve global child health.

As the nation's largest medical school, IUSM is committed to being an institution that not only reflects the diversity of the learners we teach and the patient populations we serve, but also pursues the values of diversity, equity and inclusion that inform academic excellence. We desire candidates who enhance our representational diversity, as well as those whose work contributes to equitable and inclusive learning and working environments for our students, staff, and faculty. IUSM strives to take an anti-racist stance, regularly evaluating and updating its policies, procedures, and practices to confer equitable opportunities for contribution and advancement for all members of our community. We invite individuals who will join us in our mission to advance racial equity to transform health and wellbeing for all throughout the state of Indiana.

Qualifications you are seeking: Doctorate or Terminal degree is required and be board eligible or board certified in Pediatrics.
