

Company: Akron Children's Hospital
Job Title: Pediatric Infectious Disease Physician

Brief description of the position: Ohio-based Akron Children's Hospital seeks a Pediatric Infectious Disease physician to join its expanding Division. Akron Children's Hospital is the largest pediatric healthcare system in Northeast Ohio and is ranked among the best children's hospitals by US News and World Report.

This integrated healthcare delivery system includes:

- Two free-standing pediatric hospitals
- More than 900 providers, who manage 1,000,000+ patient visits annually
- A network of more than 80 primary and specialty care locations
- Robust research and innovation endeavors

The successful candidate will join a dedicated team of 4 pediatric infectious disease physicians. Akron Children's Hospital's infectious disease physicians offer a complete array of diagnostic, treatment and consulting services for infants, children and teens with a broad spectrum of conditions from general pediatric infectious diseases to infections in immune-compromised hosts. Additional responsibilities may include roles in the antimicrobial stewardship program or infection control.

This position offers opportunities for:

- Partnership with an established team of doctors affording exceptional work-life balance. 1:4 call responsibilities
- Primary and consultative infectious disease services
- Active involvement in medical student and resident education; academic appointment at Northeast Ohio Medical University is available and commensurate with experience
- Research and innovation available through the Rebecca D. Considine Research Institute and area universities
- An attractive compensation and benefit package

Akron Children's Hospital is set in the beautiful Cuyahoga Valley, just minutes south of Cleveland. From major league attractions to small-town appeal, the greater Akron area has something for everyone. Akron is the 5th largest city in Ohio and is rich in history and cultural diversity, providing a stimulating blend of outstanding educational, cultural and recreational resources. This four-season community will have outdoor enthusiasts thrilled with over 40,000 acres of Metro Parks for year-round enjoyment. Northeast Ohio has become a premier destination to work, live, play, shop and dine!

Qualified candidates are encouraged to apply on-line at Ped Inf Disease Physician in Akron, OH | Akron Children's Hospital (akronchildrens.org) or contact Lori Schapel for additional information at 330-571-9676.

Qualifications you are seeking: Requirements include board certification in pediatrics, board eligibility/certification in Pediatric Infectious Disease and the ability to obtain an active medical license in the state of Ohio.
