

Company: Atrium Health Wake Forest Baptist

Job Title: Assistant/Associate Faculty Physician – Pediatric Infectious Diseases

Brief description of the position: The Section of Pediatric Infectious Diseases in the Department of Pediatrics at the Wake Forest University School of Medicine (WFUSM) is seeking a full time faculty member at the rank of Assistant Professor or Associate Professor with passion for clinical excellence and clinical teaching.

The successful candidate would have outstanding opportunities to advance in their academic career including participation in clinical research, quality improvement, clinical trials and other areas. Formal mentoring program for junior faculty is available and supported by the institution and department. Section members have a successful record of accomplishments in the area of pneumococcal surveillance, perinatal HIV prevention, neonatal infections, influenza, global health and medical education.

Qualifications you are seeking:

- MD, MD/PhD, or equivalent and be board certified or board eligible by the American Board of Pediatrics in the subspecialty of Pediatric Infectious Diseases.
- Candidates must have or be eligible for a North Carolina (NC) medical license as determined by the NC Medical Board.
- Candidates with a strong interest, training and/or expertise in pediatric infection prevention and/or antimicrobial stewardship are especially encouraged to apply.
- Strong clinical and teaching skills; academic scholarly activities are expected.
- New fellowship graduates are welcome to apply.
