

Company: Children's Hospital of Richmond at VCU
Salary range: Commensurate
Job Title: Infectious Diseases Physician

Brief description of the position: The Division of Pediatric Infectious Diseases at CHoR is recruiting for a junior to mid-level faculty member in Infectious Diseases. The position is designed to increase and diversify the research activities within the Division. Current research within the Division includes CMV and other viral pathogenesis and vaccines and HIV care, hospital epidemiology, antimicrobial stewardship and quality improvement for women, infant, children and youth populations. Preference will be given to applicants with expertise in medical education and leadership of graduate medical education programs including our Pediatrics and Combined Medicine -Pediatrics Infectious Diseases Fellowships.

The applicant must be board eligible / certified in Pediatrics Infectious Diseases and will be expected to provide quality and timely clinical care on the inpatient and outpatient arenas. Preference will be given to applicants with clinical or basic science research experience and the ability to apply for and obtain early career awards from the NIH or other funding agencies.

Qualifications you are seeking: REQUIRED

- Board certified or board eligible in Pediatric Infectious Diseases
- Experience with clinical care of patients
- Experience in an academic medical center
- Demonstrated expertise in medical education and participation in Graduate Medical Education
- Demonstrated experience working in and fostering a diverse faculty, staff, and student environment or commitment to do so as a faculty member at VCU.

PREFERRED

- Preference will be given to applicants with clinical or basic science research experience and the ability to apply for and obtain early career awards from the NIH or other funding agencies.
