

Children's Specialty Group (CSG) and Children's Hospital of The King's Daughters (CHKD) are seeking a fellowship trained, board-certified or board-eligible Pediatric Infectious Diseases Physician to join our team in Norfolk/Virginia Beach, Virginia. The successful applicant will provide inpatient and outpatient care for children with various infectious and communicable diseases. You will have the opportunity to work with a robust clinical research team in addition to teaching medical students and residents.

Physicians will have a faculty appointment at Eastern Virginia Medical School (EVMS) with all the benefits of a physician-owned pediatric subspecialty group. This partnership track opportunity has many benefits including relocation, generous CME, competitive compensation, and a comprehensive benefits package that includes a 401k plan, profit sharing, health insurance, and professional liability.

The successful candidate must be board-certified or board-eligible in Pediatric Infectious Diseases.

We treat patients from southeastern Virginia to northeastern North Carolina, which includes roughly 450,000 children and adolescents. CSG comprises over 200 board-certified or board-eligible physicians and over 100 advanced practice providers to care for patients throughout the area. We are the sole provider of medical specialty care at CHKD, which is the only freestanding children's hospital in Virginia. CSG is a physician-owned group whose mission is to provide direct high-quality healthcare to children and adolescents, train future physicians, and conduct research to improve children's health. We are committed to providing the best value in pediatric healthcare to our patients, payers, the Children's Health System, and referring physicians.
