

Pediatric Infectious Disease Physician
All Ranks
Non-Tenure Track

The Division of Infectious Disease in the Department of Child Health at the University of Missouri School of Medicine is seeking full-time clinical faculty member to join our team! The position provides general consultative and patient care responsibilities in Infectious Disease and will also include antibiotic stewardship and infection control responsibilities, as well teaching activities with possible opportunities for research.

The MU Children's Hospital at the University of Missouri Health Care has over 100 inpatient beds, a wide variety of pediatric medical and surgical sub-specialists, and comprehensive ancillary services.

Requirements:

- MD or DO degree
- Be qualified for an unrestricted Missouri medical license
- Board certified/eligible in Infectious Disease

Priority will be given to candidates from diverse and underrepresented backgrounds.

Be qualified for an unrestricted Missouri medical license Board certified/eligible in Infectious Disease
