

Physician, Pediatric Infectious Disease – Ochsner Hospital for Children

Company: Ochsner Hospital for Children

Salary range:

Job Title: Pediatric Infectious Disease

Organization Type: For-Profit Corporation

Job posting expiration date: 5/18/2023

Brief description of the position: Pediatric Infectious Disease – New Orleans

We're seeking a physician who is Board Certified or Board Eligible in Pediatric Infectious Disease to join the expanding practice at Ochsner Hospital for Children in New Orleans, Louisiana. An interest in Antimicrobial Stewardship is a plus.

The Infectious Disease Practice at Ochsner Hospital for Children provides inpatient and outpatient evaluation and management of children with suspected or proven infectious diseases. In addition to patient care, there are teaching responsibilities for the education of Tulane-Ochsner pediatric residents and medical students, and University of Queensland medical students.

About Ochsner Hospital for Children

Ranked #1 in Louisiana for the second year in a row by U.S. News & World Report in 2022-23, Ochsner Hospital for Children was also recognized as a national leader in the new rankings in three specialties: pediatric cardiology and heart surgery, pediatric gastroenterology and gastrointestinal surgery, and pediatric orthopedics. Ochsner Hospital for Children continues to be a top destination for pediatric care in the region through an unwavering commitment to always putting patients first.

Ochsner Hospital for Children is a rapidly expanding 125-bed children's hospital offering a full range of pediatric care from primary to quaternary care, with services offered in all subspecialties, including Congenital Cardiac Surgery, Advanced GI and Hepatology, Advanced Orthopedic Surgery, Hematology-Oncology, Cleft Palate/Cranio-Facial Surgery, as well as heart, liver, and bone marrow transplant. There are also several multi-disciplinary teams dedicated to complex conditions. The hospital not only performed the first pediatric heart/kidney transplant in the region but is also the top congenital heart program in the state (both in volumes and outcomes.)

About Ochsner Health

The Ochsner system is designed to support tertiary care and quaternary pediatrics and pediatric surgery. Ochsner has 40 owned, managed, and affiliated hospitals and more than 300 health centers and urgent care centers. A national healthcare destination center, Ochsner cares for patients from all 50 states and more than 75 countries worldwide each year.

In addition, there are residency programs in Orthopedics, Emergency Medicine, General Pediatrics as well as medical students from the University of Queensland/Ochsner program. Ochsner also supports several well-funded pediatric research programs.

About New Orleans

One of the most exciting and historical U.S. cities, New Orleans is both cosmopolitan and laid-back—full

of world-class music, dining, shopping, attractions, and Southern charm. Professional football and basketball, gorgeous parks, year-round festivals, prestigious academic centers and universities and hospitality await you. It's no wonder Travel & Leisure ranked New Orleans #2 in The Best Cities in the United States in 2022!

If you're craving the beach, the Gulf shores of Alabama are about two and a half hours away by car; and the white sands of Destin and Seaside, Florida, are just over four hours away. It's easy to understand why residents take great pride in calling New Orleans their home. You'll fall in love the minute you set foot here, both personally and professionally.
