

Pediatric Infectious Diseases Physician

Inova Children's Specialists is in search of a full-time Pediatric Infectious Diseases Physician to join our Pediatric Infectious Diseases Group. Candidates must be BC/BE Pediatric Infectious Diseases Physicians. Candidates must be eligible for medical licensure in the Commonwealth of Virginia.

Primary responsibilities include patient care and resident and medical student education. Demonstrated excellence in clinical care and teaching is required. Candidates interested in infection prevention, antimicrobial stewardship, quality improvement and clinical outcomes research are encouraged.

Company Overview

Inova L. J. Murphy Children's Hospital and Inova Children's Specialists are enlarging the ambulatory network of pediatric subspecialists in Northern Virginia. We are seeking a fifth full time board certified/board eligible Pediatric Infectious Diseases Physician to provide inpatient and outpatient consultative care at Inova L. J. Murphy Children's Hospital and in our subspecialty outpatient practice.

Dedicated exclusively to caring for children, Inova Children's ensures families in the Northern Virginia region have access to the nation's most highly regarded doctors and experts devoted to pediatric care. The practice offers clinical expertise in a wide range of simple, complex, and rare conditions complemented by family centered care that recognizes the needs of the entire family. Our team includes pediatric specialists in fifteen specialties including Cardiology, Cardiothoracic surgery, Pediatric Hospital Medicine, Pediatric Intensive Care, Pediatric General Surgery, Child and Adolescent Gynecology, Genetics, Nephrology, Neurosurgery, Endocrinology, Rheumatology, Infectious Disease, Developmental Pediatrics, and Child Psychiatry, Psychology.

Pediatric Infectious Disease Physicians practice at Inova Children's Hospital in Falls Church, Virginia and in our Northern Virginia offices. Inova Children's Hospital is an award-winning 226-bed, full-service children's hospital. Inova Children's Hospital includes a 108-bed level 4 neonatal ICU, PICU and PCICU, and serves at the tertiary care center for pediatric patients in Northern Virginia. Inova Children's Hospital is conveniently located within fifteen miles of downtown Washington, DC.

To apply please send electronically: CV, personal contact information, and letters from (a minimum of 3) references to Inova Provider Recruiter Ms. Rachel Hill at Rachel.hill@inova.org.
