

## **Job Post – Division Chief Pediatric Infectious Diseases, Hackensack Meridian Health**

Company: Hackensack Meridian Health

Salary range:

Job Title: Division Chief, Pediatrics Infectious Diseases: Physician Leadership Opportunity

Organization Type: Non-Profit Organization

Job posting expiration date: 12/31/23

Brief description of the position: Hackensack Meridian Health is seeking a Division Chief, Pediatric Infectious Diseases, to lead an established and successful program. The Chief will provide overall clinical and academic leadership at K. Hovnanian Children’s Hospital within Jersey Shore University Medical Center. The Chief will lead the delivery of exemplary care to patients and families. This position reports to the Chair of Pediatrics, Dr. Harpreet Pall.

Working collaboratively with the Chair, the Chief will continue to lead and expand the clinical, academic and administrative functions to plan for short and long range growth of the program. This growth will include creating and executing strategic initiatives, mentoring physician faculty, and enhancing the educational opportunities for providers and nursing staff.

In addition to our collegial work environment, we offer a highly competitive compensation package and comprehensive employee benefits.

Qualifications you are seeking: The ideal candidate will have a minimum of seven years of proven clinical, academic and administrative leadership in a similar size institution, be board certified in Pediatrics and Pediatric Infectious Diseases and be eligible for an associate professor/professor faculty appointment at Hackensack Meridian School of Medicine.
