

Job Post – Pediatric Infectious Disease Physician, MedStar Georgetown University Hospital

Company: MedStar Georgetown University Hospital Department of Pediatrics

Salary range:

Job Title: Pediatric Infectious Disease Physician

Organization Type: Non-Profit Organization

Job posting expiration date: 1/20/2024

Brief description of the position: The Department of Pediatrics at MedStar Health/MedStar Medical Group is seeking a full time Pediatric Infectious Disease (ID) physician to join our clinical, academic and research practice at MedStar Georgetown University Hospital (MGUH) in Washington, DC.

The position involves primarily clinical and teaching responsibilities, including Inpatient pediatric infectious diseases consultation, teaching of medical students, residents, and non-ID clinical fellows. The division has responsibilities for Antimicrobial Stewardship, Infection Prevention & Control and Transplant Programs for multivisceral [small intestine, liver, pancreas] transplantation. Opportunities for research through Georgetown University or the MedStar Health Research Institute and in pediatric HIV medicine are available.

Position includes faculty appointment at Georgetown University School of Medicine commensurate with experience along with competitive compensation and a generous benefits package.

As the largest healthcare provider in Maryland and the Washington, D.C., region, MedStar Health's programs and services are recognized regionally and nationally for excellence in medical care. With 10 hospitals, the MedStar Health Research Institute, and MedStar Medical Group and urgent care centers, our 30,000 associates and 6,000 affiliated physicians proudly care for more than half-million patients each year across the region. MedStar Georgetown University Hospital is a not-for profit, acute-care teaching and research hospital with 600 beds located in the heart of the Nation's capital. Visit us at <http://www.medstargeorgetown.org> [medstargeorgetown.org].

Qualifications you are seeking: The successful candidate is expected to be board-certified or board-eligible in pediatric infectious diseases and have a commitment to patient care and trainee education. Candidate must be able to obtain medical licensure in Washington, D.C. and Maryland. Strong interpersonal skills and the ability to work collaboratively with other professionals to advance clinical programs is essential.
