

Job Post – Pediatric Infectious Disease Physician Faculty, University of New Mexico Health Sciences Center

Company: The University of New Mexico

Salary range:

Job Title: Open Rank of Pediatrics Infectious Disease

Organization Type: Public Institution

Job posting expiration date: 08/14/2023

Brief description of the position: The University of New Mexico Health Sciences Center, affiliated with the Children's Hospital of New Mexico, is seeking a board certified or board eligible pediatric infectious disease physician as a third full-time faculty in the Infectious Diseases division. Salary and track will be commensurate with training and experience. UNM offers a flexible career path, with opportunities to participate in clinical research for our clinician-educators, depending on their interests. This full-time position offers a competitive salary and a supportive environment.

Our department provides primary care for children in Bernalillo County as well as tertiary care for children from all over New Mexico as well as southern Colorado, eastern Arizona, and west Texas. We provide care for patients with uncomplicated and complicated infections, unusual infections including plague and Hantavirus, and infections in immunocompromised patients with cancer, organ transplants, or rheumatologic illnesses.

Qualifications you are seeking: Minimum Requirements:

- Completion of ABP approved Fellowship in Pediatric Infectious Diseases by time of hire
- BC/BE in Pediatric Infectious Disease
- Must be able to obtain a New Mexico medical license

Preferred Qualifications:

- Clinical experience in academic or private practice settings that care for pediatric patients
- Experience teaching pediatric residents
- A demonstrated commitment to diversity, equity, inclusion and student success, as well as working with broadly diverse communities
