

Job Post – Assistant, Associate, or Professor of Pediatrics, UK Healthcare, Kentucky Children’s Hospital

Company: UK Healthcare, Kentucky Children's Hospital

Salary range:

Job Title: Assistant, Associate, or Professor of Pediatrics

Organization Type: Public Institution

Job posting expiration date: 7/31/2025

Brief description of the position: The University of Kentucky College of Medicine Department of Pediatrics is seeking a full-time faculty member to join the Division of Pediatric Infectious Diseases at the Assistant, Associate, or Professor level. This faculty member would join a division that currently consists of 3 full-time faculty, 1 pediatric pharmacist, and support staff including nursing and admin.

Responsibilities would include coverage of the inpatient consultation service at Kentucky Children's Hospital which is a 205 bed full-service Children's Hospital in Lexington, Kentucky on the campus of the University of Kentucky as well as outpatient clinic sessions in the Pediatric Infectious Diseases Clinic in the adjoining Kentucky Clinic building. Our department also has active roles in Infection Prevention and Control, Antimicrobial Stewardship, Congenital CMV screening, Perinatal HCV screening, and Pediatric HIV care. Opportunities exist for teaching medical students, residents, adult Infectious Diseases fellows, pharmacy residents, and PA residents. Research opportunities also exist within the department of pediatrics and college of medicine. Inpatient call would be approximately 1 week out of 4 throughout the year.

Qualifications you are seeking: Candidates should have MD, DO, or equivalent degree and should be board certified or board eligible in Pediatric Infectious Diseases.
