

Job Post – Pediatric Infectious Diseases Physician, Medical University of South Carolina (MUSC)

Company: MUSC

Salary range: Negotiable

Job Title: Pediatric Infectious Diseases Physician in Coastal Charleston, SC

Organization Type: Public Institution

Job posting expiration date: 10/12/24

Brief description of the position: The Medical University of South Carolina (MUSC), located in coastal Charleston, SC, seeks an exceptional pediatric infectious diseases physician to join a small but dedicated group of physicians looking forward to growing and developing the division over the next few years. The Division of Infectious Diseases resides within a highly collaborative and academically diverse Department of Pediatrics and also enjoys a close working relationship with the Infectious Diseases Division in the Department of Internal Medicine.

Qualifications you are seeking: Ideal Candidates:

- BC or BE pediatric infectious disease physician
- Strong clinical skills and commitment to quality improvement and evidence-based medicine in teaching and practice
- Candidates with expertise/interest in hospital infection prevention and hospital epidemiology are encouraged
- Candidates seeking a combined position in pediatric and adult infectious disease will be considered

Opportunity Details:

- Dedicated Children's ambulatory campus and hospital, with multi-disciplinary pediatric subspecialties, surgery centers, laboratories, pharmacies, infusion suites and radiology
- Expansion of ID division with coverage of inpatient and outpatient clinical services
- Directorship of infection prevention program for the right candidate
- Join a collaborative team of 5 faculty physicians
- Career and leadership development programs offered
- Collaboration with 31 pediatric subspecialties
