

Job Post – Pediatric Infectious Disease (Academic/Clinician Track), University of Minnesota Physicians

Company: University of Minnesota Physicians (M Physicians)

Salary range:

Job Title: Pediatric Infectious Disease (Academic/Clinician Track)

Organization Type: Non-Profit Organization

Job posting expiration date: 07/31/2024

Brief description of the position: The University of Minnesota seeks candidates for an Assistant Professor position – Academic Track - with a background of experience in pediatric infectious diseases and involvement in academic pursuits.

This position will include evaluating both inpatients and outpatients. Faculty will participate in all facets of post-graduate and medical school instruction and teaching in a hospital setting. Academic time will be used to pursue scholarly work in the candidate's area of specialty/research expertise. Academic faculty will be active in their national organizations and foster an academic environment for medical students, residents and faculty.

Qualifications you are seeking:

- Graduate of an accredited ACGME Pediatric residency and Pediatric Infectious Disease fellowship training program.
- Board certified in Pediatrics. Board eligible/certified in Pediatric Infectious Disease.
- Must have demonstrated involvement in academic pursuits, either through publications anticipated, submitted or published in peer-reviewed journals.
- Candidates should have the necessary skills to care for children of all ages in infectious disease issues.
- Licensed or ability to obtain Minnesota Board of Medical Practice Licensure
- Ability to obtain/maintain DEA certification in the State of Minnesota
- Meet threshold criteria/qualifications for Credentialing and Privileges
- Ability to work in the United States.

Potential for J-1 Waiver eligibility?: Yes
