

Job Post – Assistant Professor, Pediatric Infectious Disease, Oregon Health and Sciences University

Company: Oregon Health and Sciences University

Salary range:

Job Title: Assistant Professor - Pediatric Infectious Diseases

Organization Type: Public Institution

Job posting expiration date: 2025-02-14

Brief description of the position: The Division of Pediatric Infectious Disease in the Department of Pediatrics at Oregon Health and Sciences University (OHSU) is actively seeking a BC/BE Pediatric Infectious Disease physician to join our team. As a vital member of our department, the successful candidate will contribute to both the clinical inpatient program and the Inpatient Antibiotic Stewardship Program (ASP) as the Medical Director.

OHSU Doernbecher Children's Hospital is the only academic pediatrics teaching hospital in the state of Oregon with a full complement of sub-specialists as well as active pediatric residency and fellowship training programs. The Division of Pediatric Infectious Disease is committed to caring for children and adolescents with all types of infections, including pneumonia, meningitis, chronic and recurrent infections, HIV/AIDS, infections associated with international travel, post-surgical infections, and infections in children with compromised immune systems throughout Oregon and the Pacific Northwest. The successful candidate will join a team of eight Pediatric Infectious Disease physicians and one Advanced Practice Provider to support the clinical and educational programs in Pediatric Infectious Disease at Doernbecher Children's Hospital (DCH).

Elevate your career in the dynamic city of Portland, Oregon, where professional growth meets a rich cultural tapestry and the great outdoors beckon. Apply now to be part of an exceptional team dedicated to advancing diagnosis, treatment, and prevention of pediatric infectious diseases and transforming the lives of children and families in the Pacific Northwest.

Qualifications you are seeking:

- Completed pediatric residency training in an accredited program.
- Completed training in an accredited pediatric infectious disease fellowship program.
- Eligible for MD licensure in the states of Oregon and Washington.
- Board certification or eligibility for specialty board certification in Pediatric Infectious Diseases (ABP).
- Demonstrated competence in clinical care and teaching.
- Current active DEA license.
- Effective communication skills, both verbal and written.

Potential for J-1 Waiver eligibility: No
