

Job Post – Division Chief of Infectious Disease, University of Illinois College of Medicine Peoria

Company: University of Illinois College of Medicine Peoria

Salary range:

Job Title: Division Chief of Infectious Disease (Associate Professor/Professor)

Organization Type: Public Institution

Job posting expiration date: 2024-07-24

Brief description of the position: The Department of Pediatrics at the University of Illinois College of Medicine, Peoria (UICOMP) seeks a candidate for the position of Division Chief of Pediatric Infectious Diseases. This will be an academic appointment at the level of Associate/Professor of Clinical Pediatrics. The candidate must hold or be eligible for an Illinois physician license, hold MD/DO or equivalent degree and be BC/BE in Pediatric Infectious Diseases.

Qualifications you are seeking: The University of Illinois College of Medicine Peoria, Department of Pediatrics is seeking a pediatric Infectious Disease physician with a track record in healthcare leadership and program development for the position of Division Chief of Pediatric Infectious Disease.

Duties & Responsibilities

- Establish and maintain effective education programs in Pediatric Infectious Disease for medical students and residents. Collaborate with other faculty in maintaining excellence in general pediatric education.
- Stimulate and nurture scholarly activity within the Division and strengthen current research portfolio.
- Expand clinical service program to meet regional needs.
- Develop a vision for expansion and growth of current clinical services.
- Provide leadership to support the faculty in the Division of Infectious Diseases to achieve excellence in clinical care, teaching, and research.
- To sustain an existing supportive and collaborative environment for other subspecialists thus facilitating programs that care for high complexity patients.
- To support quality improvement efforts and safety initiatives within the Division and Children's Hospital of Illinois.
- Direct and conduct his/her own research in pediatric infectious diseases.
- Provide care for patients with infectious diseases admitted to Children's Hospital of Illinois, consultation and support to other services and manage patients in ambulatory clinics.
- Collaborate with other ancillary services to provide high quality, safe, and individualized patient, and family centered care.
- Perform duties of a university faculty member including committee assignments, curriculum development and administration.
- Perform other related duties and participate in special projects as assigned.

Minimum Qualifications

- Licensed or eligible for licensure in the state of Illinois
- Board Certified in Pediatric Infectious Disease
- Proven Track Record of professional leadership in academic medicine

- Academic rank of Associate Professor or Professor
- MD/DO or foreign equivalent
