

**Job Post – Assistant, Associate or Full Professor (HS Clinical, Clinical X, Adjunct, In Residence)
Pediatrics, University of California San Diego**

Company: University of California San Diego

Salary range:

Job Title: Assistant, Associate or Full Professor (HS Clinical, Clinical X, Adjunct, In Residence) Pediatrics

Organization Type: Public Institution

Job posting expiration date: 2024-11-13

Brief description of the position: Assistant, Associate, or Full Professor (Clin X, Adjunct, In-Residence)
Pediatric Infectious Diseases Clinician-Scientist

SAN DIEGO, CA

The University of California, San Diego (UCSD) Department of Pediatrics is committed to academic excellence and diversity within the faculty, staff, and student body. As part of our ongoing pursuit of clinical innovation, education needs, and research, we are seeking a Clinician-Scientist to join our Division of Infectious Diseases within UC San Diego and Rady Children's Hospital-San Diego (RCHSD).

Unique opportunities to attract nationally recognized leaders include the resources and outreach of UCSD and RCHSD, the top NIH-ranked department of pediatrics in California, a top ten US News & World Report Honor Roll Children's Hospital, and leading programs in biomedical engineering, cell and developmental biology, genomics, microbiome, and metabolomics.

The successful candidates will be able to develop extramurally funded research programs and provide leadership in pediatric research. The successful candidates will also be able to build on their academic research career at UCSD with the potential for additional collaborations with scientists, clinicians, and other Departments in the School of Medicine, as well as across campus with the UCSD Jacobs School of Engineering, and Herbert Wertheim School of Public Health and Longevity Science.

The successful candidates will be responsible for providing high-quality training and teaching and will participate in research and the clinical care of patients. In addition to the highest standards of scholarship, teaching, and professional activity, candidates are expected to contribute toward the development of a climate that supports equity, inclusion, and diversity.

Qualifications you are seeking: Candidates must have an MD, MD/PhD or equivalent, be board certified/board eligible in Pediatric Infectious Diseases, and be licensable in the state of California, have demonstrable clinical and research experience and skills, along with experience developing clinical/translational research and innovative educational programs. Candidates must have completed a fellowship in Pediatric Infectious Diseases by the time of hire.

Candidates with experience in inpatient and outpatient infectious disease clinical care, including antimicrobial stewardship training or specialized care of immunocompromised patients are preferred.

Salary range: The posted UC salary scales set the minimum pay at appointment as determined by appointment type and if applicable, rank and/or step. The base pay range for this position is \$160,000-271,800. Salary is negotiated annually. Additional compensation may be available if the position includes membership in the Health Sciences Compensation Plan. UC Salary information can be found here: <https://www.ucop.edu/academic-personnel-programs/compensation/2023-24-academic-salary-scales.html> [ucop.edu].
