

Job Post – Pediatric Infectious Diseases Physician, Marshall University

Company: Marshall University

Salary range:

Job Title: Pediatric Infectious Diseases Physician

Organization Type: Public Institution

Job posting expiration date: 2025-09-10

Brief description of the position: Position Overview: Join a dynamic and dedicated team of pediatric infectious diseases specialists at Marshall Pediatrics. We are seeking a third partner to join our current team to help provide exceptional inpatient care at Hoops Family Children's Hospital (HFCH), a 72-bed pediatric specialty hospital located within Cabell Huntington Hospital, and outpatient care within our Marshall Pediatrics facilities.

Why Join Our Team?

- Team Motto: "Small but Mighty" – Join a team that prides itself on delivering the highest-quality care to an incredibly underserved pediatric population.
- Location: Huntington, WV, a vibrant community offering an excellent quality of life with a low cost of living. The area is known for its outdoor recreational opportunities across all four seasons and is conveniently located near larger cities like Cincinnati, Columbus, and Lexington should weekend travel be on your to-do list.
- Academic Excellence: As part of an academic institution, you will have the opportunity to contribute to the training and development of the next generation of physicians, enriching your own professional growth.
- Impact: This position offers the unique opportunity to make a profound difference in a community with a substantial need for pediatric infectious disease care, providing personal and professional fulfillment.

Key Responsibilities:

- Deliver comprehensive inpatient care at Hoops Family Children's Hospital and outpatient care in our Marshall Pediatrics outpatient facilities.
- Serve a critical role in the Tri-state area (West Virginia, Ohio, Kentucky), helping address significant community needs.
- Engage with a wide range of pediatric infectious diseases pathology within a more moderated-sized facility, offering a favorable & rewarding balance of pathology and patient numbers.
- Participate in teaching and mentoring as a faculty member at Marshall University Joan C. Edwards School of Medicine (MU-JCESOM), including the education of pediatric hospitalist fellows, NICU fellows, pediatric residents, and medical students.
- Grow your passion within the research & quality improvement, academic, health advocacy, and/or administrative spaces.

Qualifications you are seeking:

- Board-certified or board-eligible in Pediatric Infectious Diseases.
- Commitment to serving a diverse and medically underserved population.
- Dedication to teaching and mentoring medical trainees at various levels.
- J1 visa waiver applicants are welcomed & encouraged to apply – y'all means all.

Potential for J-1 Waiver eligibility: Yes
